

Stewart and its CEO David Gitlin and orders them to appear forthwith before the Court for an evidentiary hearing on the allegations of criminal contempt.

The Court further enters a Permanent Prophylactic Injunction Order that perpetually enforces ECF 613 by memorializing the DSA Software version 1.0.0.3 as the prophylactic remedy that complies with the Court's order ECF 613. The Special Master stated that DSA Software Version 1.0.0.3 is bug free and will test all Carrier Air Conditioners currently manufactured in the Collierville, TN plant to the satisfaction of Carrier's C-331 operational specification. The Special Master also stated that that version does not infringe on ECIMOS protected Intellectual Property. The Special Master shall confirm that the prophylactic version 1.0.0.3 is installed with an annual site inspection. ECIMOS will be allowed to participate in the annual site inspection. In the event Carrier introduces a new product that requires a software modification, it will submit its request for changes to the Special Master and ECIMOS will review those changes at no cost to Carrier and request to the Court to update the new prophylactic version of the DSA Software in the injunction order.

The Court grants the Motion to issue the subpoena LSI and Compass Automation per the tendered subpoenas.

It is so Ordered.
